

Corso Dipendenti 1 – B2.1

Homework for our next lesson on 10th March:

- 1) Check and work on the pronunciation of the keywords from your podcasts. You can refer to the Cambridge online dictionary at: <https://dictionary.cambridge.org/>
- 2) (optional) run the script of your Podcasts through your AI of preference for corrections. Suggestions in English for your prompt (but you can prompt in Italian, too, of course): “I am an adult learner of English at the B2 level. Correct the following text and provide me with feedback. The text is a 1-minute script for a podcast interview/conversation”.
- 3) Continue thinking about if you would like to do a 5 minute presentation on a topic of your choice during the course.
- 4) Make sure you are able to access the course materials on the CLI Platform. This is the link: <https://www.cli.unipi.it>. You will need to use your UNIPI credentials. If you are still experiencing problems by next time, please let me know.

See you next week.
